Address:
982, New St, Neel Field, Vaniyambadi,
Vellore, Tamil Nadu - 635651

Self starter | With that i also have
passion for learning new things | Always
willing to humble myself to continue
growing as an individual.

EXPERIENCE

JavaScript Developer 09/18 - 06/19
Mako IT Lab

Crafted quite a few fully functional apps for
Freshdesk(A support management Application).
Whole of the backend of the app is also written
using JavaScript.

React Developer 07/19 - NOW
Insent.ai

Building the product from ground up with
collaborative team. Producing great UI is the
primary focus.

PROJECT

Choist - A random choice selections app

Using random function to select from the
user given choices.

[Website Link](#)

Trifle - A mental health Android App

An android app with curated list of articles and
videos based on category for the people who
need help from the web.

[Play Store Link](#)
