EXPERIENCE

Android Developer

Volksoft Consulting Pvt Ltd

06/2018 - Ongoing Hyderabad

- FINCARE BANK(2018 June-PRESENT)**
- mCare is also a Loan Management system covering core lending and financial accounting functionality with highly robust, layered and functionally extensible architecture. Field staff are supported with Android based mobile module for field operations which works in offline mode to eliminate internet availability issues in remote areas. This app is designed on the "Store & Forward" concept for data synchronization with the central database, which is a seamless activity and occurs upon internet availability.
