JUNE 2016 - DECEMBER 2017

## EDUCATION

### **S G Balekundri Institute Of Technology, Belagavi - BE in Computer Science and Engineering(2011 - 2015)**

## PROJECTS

### **1. Apollo Construct**

<https://apps.apple.com/us/app/apollo-construct/id1458490441>

The Apollo Construct App allows you to work on-site from your handheld device of choice. View all project details such as RFIs, Observations, Safety Observations, Drawings, Photos, Specifications, and Daily Logs across Projects. The app makes it easy to add RFIs, Observations, fill Daily Logs, conduct Inspections on-site, view Specification documents, upload photos, and view Drawings both in the online and offline mode. The app also connects with Construct Scheduler, where you can view the status of the Project and tasks.

- Languages: Swift 5
