INTERNSHIP AND PROJECTS

Interned in the project taken up by HLL INFRATECH SERVICES LTD., for the construction of ESIC Medical College, Paripally. (07/2016 - 07/2016)

- The internship program was for a duration of one week. During this course of time, I have gained valuable information regarding the various works that are being carried out on a site. I have always been keen to learn new technologies and this internship program proved to be very beneficial.

Prototyped a Permeable Pavement System (02/2018 - 03/2018)

- The study deals with the benefits of Permeable Pavement and incorporate it's importance in our locality.
- Presented a working model based on the above technique.

Conducted a case study on Landslides in Idukki (03/2019 - 05/2019)

- Study deals with the reasons behind the 2018 Landslides
- Conducted survey in Landslide affected areas
- Put forth efficient and economical measures to tackle Landslides

Designed a wall cupboard as a freelance project using AutoCAD (07/2019 - 08/2019)
