+91-7006720499 📱

Delhi, India 📍

I am a passionate individual with a total of 4 year experience on ground. I am looking for a Job Role that ensures growth and offers creativity. The idea is to come out of it: Better and Wiser.

## SKILLS

Adobe PhotoShop · Adobe XD · WordPress · PostMan · HTML/CSS · Bootstrap · Angular · JavaScript · Adobe Illustrator · JQuery · PHP · ASP.NET

## WORK EXPERIENCE

### Front-End Developer
KreativeJohnys

*04/2016 - 02/2018*

*Achievements/Tasks*

- Have worked on the front end of the projects, the portfolio of which you can see on www.kreativejohnys.com
- Have experience in creating UI/UX for websites using Adobe XD which were later coded by me in bootstrap
- Occasionally worked on both UI/UX and Front End Development of some projects
- Had the responsibility to deploy projects on the server using DevOps Azure
- Used Angular as a Framework to code Front End

### Sr. QA Engineer
DocAcquire

*03/2018 - 08/2020*                                                                                   *UK*

*DocAcquire aims at building an intelligent document capture technology on Artificial Intelligence which is user friendly.*

*Achievements/Tasks*

- Used Azure DevOps for Project Management
- To handle the product and carry out Smoke and Regression Packs after every release
- Computed all Use Cases following a Gherkin Format
- API testing Using PostMan
- Written keyword oriented blogs for DocAcquire which are also published in their website
- Managed the Front End of two projects at the same time using Angular

## EDUCATION

### B.Tech In Computer Science
University of Kashmir

*2012 - 2016*

### Class 12 with IT (additional)
Tyndale Biscoe and Mallinson School

*2011*

### Class 10
Tyndale Biscoe and Mallinson School

*2009*

## PERSONAL PROJECTS
